BEATLES – IF I FELL

2 stemmig
Vet gedrukt / onderstreep = <u>samen</u>

If I fell in love with you, ←------------------ *(alleen sopranen)*
Would you promise to be true ←--------- *(alleen sopranen)*
And help **<u>me understand?</u>**
*Cause I've been in love before   *<- Alten octaaf lager *
And I found that love was more
Than just* **<u>holding hands</u>**.

<u>If I give my heart to you,</u>
I must be sure
<u>From the very start that you</u>
Would love me more than **<u>her</u>**

<u>If I trust in you, oh please,</u>
Don't run and hide
<u>If I love you too, oh please,</u>
Don't hurt my pride like **<u>her</u>**

<u>'Cause I couldn't stand the pain.</u>
<u>And I would be sad if our new love</u>
<u>Was in vain.</u>
<u>So I hope you see that I</u>
Would love to love you.
<u>And that she will cry</u>
When she learns we are **<u>two</u>**

<u>'Cause I couldn't stand the pain.</u>
<u>And I would be sad if our new love</u>
<u>Was in vain.</u>
<u>So I hope you see that I</u>
Would love to love you.
<u>And that she will cry</u>
When she learns we are **<u>two</u>**.

<u>If I fell in love with you.</u>
